

Refus Richardson  
'Big Sir' 1975

We didn't move any mountains while I was 'Big Sir' but we did do some crowing. I was installed as 'Big Sir' on Dec. 19, 1974 by President Perryman.

The first executive breakfast meeting was held at Sambo's restaurant with 19 officers present. This pattern has continued and seems to work out very successfully. The place of meetings was changed to Casa Paddock.

On February 12, 1975 we were all saddened to receive word of the death of Elmer Clendenen our past 'Big Sir'.

The ladies were guests at our luncheon on June 12 at Sunset Whitney. Tickets were sold and numbers drawn for prizes. This idea was adopted in order to raise funds for our running expenses, in as much as this is not a dues paying organization.

No one ever had a more efficient secretary than Cecil Lonergon was. He always went the second mile. In fact all of my executive officers were dependable hard working 'Sirs'.

I attended and enjoyed a number of executive meetings held at Berkeley during my term of office.
