

TO WHOM IT MAY CONCERN:

The Placer Gold Branch #37 of Sons in Retirement in Auburn, under the the excellent leadership of Harold "Buck" Gein, enjoyed an outstanding year in 1992. All the monthly meetings provided an opportunity for good fellowship among its members, excellent food and very good programs touching on widely different subjects.

Perhaps the most outstanding event occurred when the members voted to deviate from the usual Ladies Spring Luncheon in June normally held at some restaurant or hall, and decided to have a Ladies Day Picnic at nearby Meadow Vista Recreational Park. It was well attended, the weather was beautiful and obviously, was enjoyed by all. The good food served by a commercial caterer was of usual fine quality. We hope next year will see another 'outing' for our ladies.

Respectfully submitted,

---
