

Chaplain SIR's Branch 37

Position Responsibilities for Chair & Assistants

Date 1/27/16

The Chaplain's responsibility is to bring some form of spirituality to any of the SIR functions (Branch Executive Committee (BEC) Meetings, the regular monthly luncheons and any other function).

The Chaplain gives a prayer at the beginning of each event being careful not to offend any particular religion such as using the name of Jesus since that may be offensive in some religions.

It is not required but if he is so inclined he may call on or go see anyone in the organization who is sick and minister to him with the circumstances dictating how far to get into religious beliefs.
